MOBILE CARE GROUP BRINGS MOBILE HEALTHCARE SERVICES TO CLEVELAND

Sylvania, Ohio; October 4, 2011 — Mobile Care Group (MCG) is proud to bring its unique mobile healthcare services to the Cleveland, Ohio, area. Headquartered in Sylvania, Ohio, Mobile Care Group has been serving customers in northwest Ohio and southeast Michigan since 2006. It provides audiology, dentistry, optometry, and podiatry healthcare service packages to nursing homes and assisted-living facilities as well as healthcare services to customers in the comfort of their own home.

“We’re a mobile company,” says Joe Wallace, company president. “We take our audiology, dentistry, optometry, and podiatry services anywhere there is a need. Because a growing number of people in long-term and assisted-living facilities and residential homes just can’t get out for medical or dental appointments, there is a real need for our ‘mobile’ health care services.” He adds, “We’re unique because we’re the only company who, in addition to facility services, does “house calls”.

And to meet people’s continuing needs for quality dental care, MCG has partnered with PrevMED to introduce the *Oral Cavity Rehabilitation Program*[®]. This innovative program enables specially trained dentists and hygienists to administer a monthly dental program to individuals living in long-term care facilities. “With our program, we’re now able to provide the best clinical dental care possible, which results in better quality of life for residents and fewer downstream health costs,” says Wallace.

MCG is also proud to introduce Cleveland native Matthew Jankura as its newest sales associate. A graduate of Tiffin University, Matt is responsible for marketing and sales in northeast and central Ohio.

With its added services and unique offerings, Mobile Care Group has positioned itself as a single, comprehensive resource for people who want and need greater access to health care — wherever they live.

###

Headquartered in Sylvania, Ohio, Mobile Care Group was founded in 2006 and provides superior on-site healthcare service packages to aid nursing home professionals and residential “house calls” for audiology, dentistry, optometry, and podiatry services. The growing company now serves northwest, northeast, and central Ohio and southeast Michigan. The firm also provides mobile care EMS and transport services in the Toledo area. Mobile Care Group accepts Medicare, Medicaid, private insurances, and private pay.
