CLEVELAND PODIATRIST STEPHEN CASTOR JOINS MOBILE CARE GROUP

Sylvania, Ohio; February 2, 2011 — Mobile Care Group (MCG) is proud to announce that established Cleveland area podiatrist, Stephen W. Castor, DPM, has joined Mobile Care Group effective February 1, 2012.

Dr. Castor is a 1996 graduate of the Ohio College of Podiatric Medicine and brings years of clinical care experience to the MCG provider team. He is former CEO of Universal Medical Administration (UMA) and has dedicated himself to providing exceptional care to the geriatric community in nursing home facilities and a variety of other settings in the Cleveland area and throughout Ohio.

“Mobile Care Group offers many benefits and features that will provide added value for my patients,” says Dr. Castor. “This is a wonderful opportunity to align my practice with an organization that shares my commitment to excellent clinical care and customer service. I am proud to be a part of this exceptional company.” Dr. Castor will continue to serve his patients at 25 Ohio facilities, including seven in the greater Cleveland area.

Having assisted clients in northwest Ohio and southeast Michigan for six years, MCG extended its service region to include communities in and around Cleveland, Ohio, in the fall of 2011. In addition to the healthcare packages MCG offers to nursing homes and assisted-living facilities, the company also serves residential clients in the comfort of their own homes.

MCG is also the only company in the State of Ohio that offers the *Oral Cavity Rehabilitation Program*[®] through a partnership with PrevMED. This innovative program enables specially trained dentists and hygienists to administer a monthly dental program to individuals living in long-term care facilities.

Karen Fanta, former UMA Operations Manager, has accepted the position of Senior Cleveland Sales & Customer Service Manager, and will head up the Cleveland office.

With its added services and unique offerings, Mobile Care Group has positioned itself as a single, comprehensive resource for people who want and need greater access to health care — wherever they live and whenever they need it.

###

Headquartered in Sylvania, Ohio, Mobile Care Group was founded in 2006 and provides superior on-site healthcare service packages to aid nursing home professionals and residential “house calls” for audiology, dentistry, optometry, and podiatry services. The growing company now serves northwest, northeast, and central Ohio and southeast Michigan. The firm also provides mobile care EMS and transport services in the Toledo area. Mobile Care Group accepts Medicare, Medicaid, private insurances, and private pay.
