**OHIO FIRM BRINGS SMILES TO NURSING HOME RESIDENTS
Mobile Care Group Introduces Monthly Oral Cavity Rehab Program®**

Sylvania, Ohio; May 23, 2011 — To meet residents' continuing needs for quality dental care, Mobile Care Group has partnered with Senior Dental Insurance Solutions (SDIS), headquartered in Stevensville, Maryland, to introduce the *Oral Cavity Rehabilitation Program*®. This innovative program enables Mobile Care Group to provide nursing homes with dentists and hygienists who have been specially trained to deliver a monthly medical program that recognizes oral care as a foundation for maintaining overall health.

An estimated 3.42 million people over the age of 65 will be living in U.S. nursing homes by 2030. Fortunately, advances in dental care over the past several decades have given nursing-home residents much to smile about. Unlike previous generations, older people are not only enjoying better health overall, many are retaining their natural teeth for life.

Studies from Columbia University and the *New England Journal of Medicine* reveal that poor oral health heightens risk factors for certain types of diabetes, cardiovascular disease and respiratory disease, especially among elderly people. Says Joe Wallace, president of Mobile Care Group, "With the Oral Cavity Rehabilitation Program, we're now able to provide the best clinical dental care possible, which results in better quality of life for residents and fewer downstream health costs for the nursing home."

Wallace concludes, "We are confident that our commitment to 'always do the right thing for every patient' will give countless people living in nursing homes reasons to smile, both now and in the future."

###

Headquartered in Sylvania, Ohio, Mobile Care Group was founded in 2006 and provides superior on-site healthcare service packages to aid nursing home professionals in the delivery of optometry, podiatry, audiology, and dental-care services. The growing company serves northwest Ohio and southeast Michigan. The firm also provides mobile care EMS and transport services in the Toledo area. Mobile Care Group accepts Medicaid, Medicare, private insurances, and private pay.
